## SKILLS AND EXPERTISE

- MERN stack web development
- Python - problem solving
- HTML, CSS, Tailwind and JavaScript
- Firebase authentication
- Leadership quality
- Good at team work
- Punctual at deadlines
- Ability to multitasking

## LANGUAGES

- English (Fluent)
- Bengali (Fluent)
- Urdu (Intermediate)
- Hindi (Intermediate)

## EDUCATIONAL HISTORY

### BSc in Computer Science and Engineering

*Brac University, Dhaka / 2023 – Present*

- Currently pursuing this program and exploring the development field.

### Higher Secondary School

*Ideal College Dhanmondi, Dhaka / 2019 – 2021*

## PROJECTS

### BloodConnect

The BloodConnect app links users to blood donors during emergencies and enables users to become donors. Developed with the MERN stack and deployed on Netlify and Vercel, it uses Firebase for authentication.
